

STUCK? TAKE A BREAK!

# RAMON HUIDOBRO

@SEÑORHUIDOBRO

```
%gem install gosu
Building native extensions. This could take a while...
ERROR: Error installing gosu:
      ERROR: Failed to build gem native extension.

      /Users/ramonh/.rvm/rubies/ruby-2.1.0/bin/ruby extconf.rb
The Gosu gem requires some libraries to be installed system-wide.
See the following site for a list:
https://github.com/jlnr/gosu/wiki/Getting-Started-on-OS-X

creating Makefile

make "DESTDIR=" clean

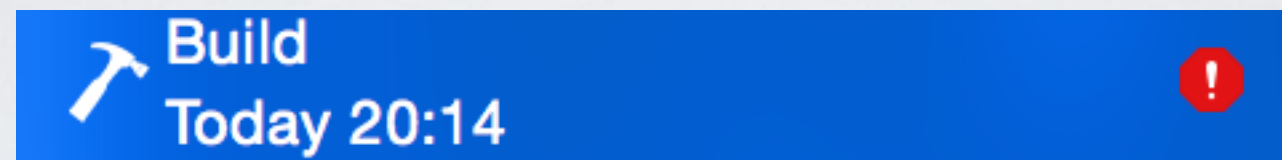

make "DESTDIR="
compiling gosu_wrap.cxx
clang: error: invalid deployment target for -stdlib=libc++ (requires OS X 10.7 or later)
make: *** [gosu_wrap.o] Error 1

make failed, exit code 2

Gem files will remain installed in /Users/ramonh/.rvm/gems/ruby-2.1.0/gems/gosu-0.8.5 for inspection.
Results logged to /Users/ramonh/.rvm/gems/ruby-2.1.0/extensions/x86_64-darwin-13/2.1.0-static/gosu-0.8.5/gem_make.out

# I GET STUCK

...A LOT!

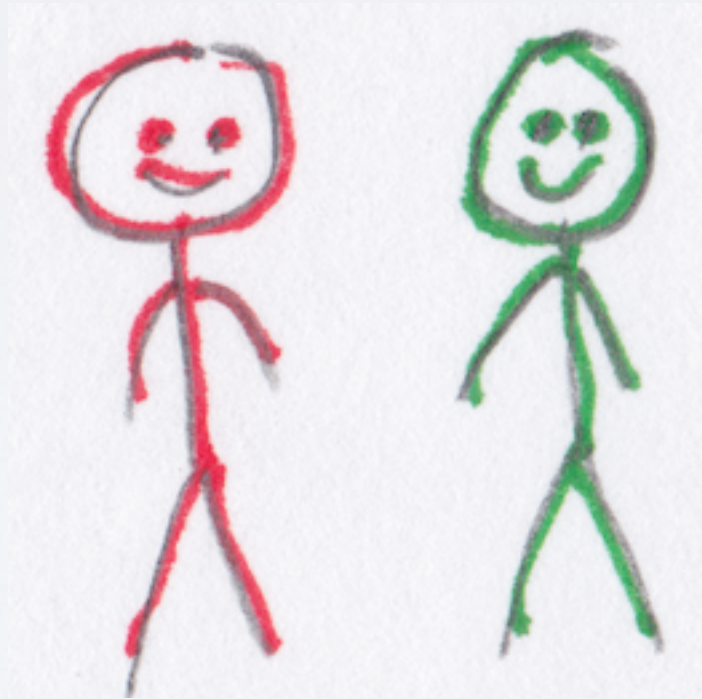

~~~~~

ALL

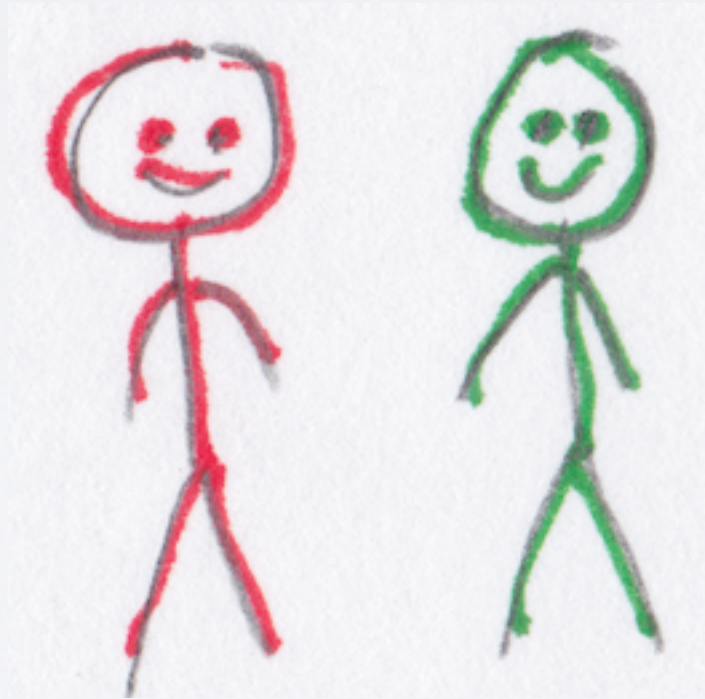

# ME, BLOGGING.

STORY TIME

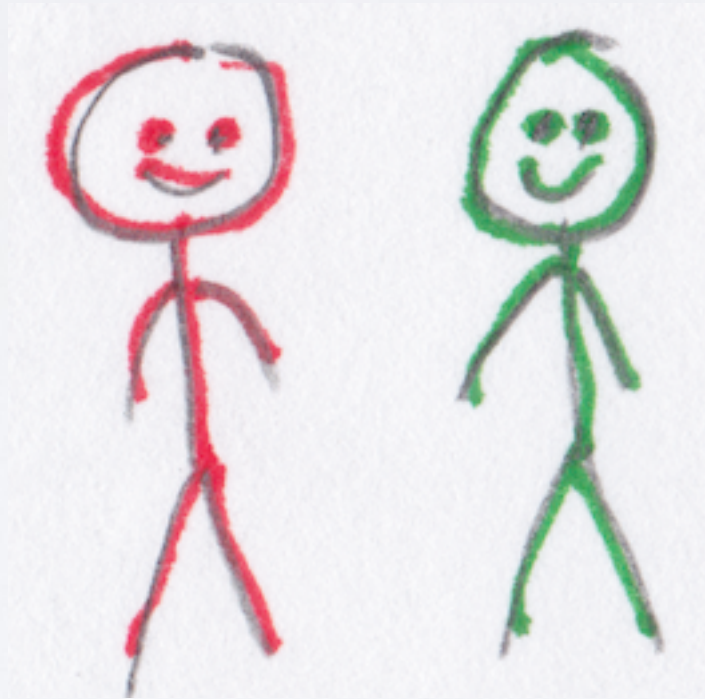

Jo

Ash

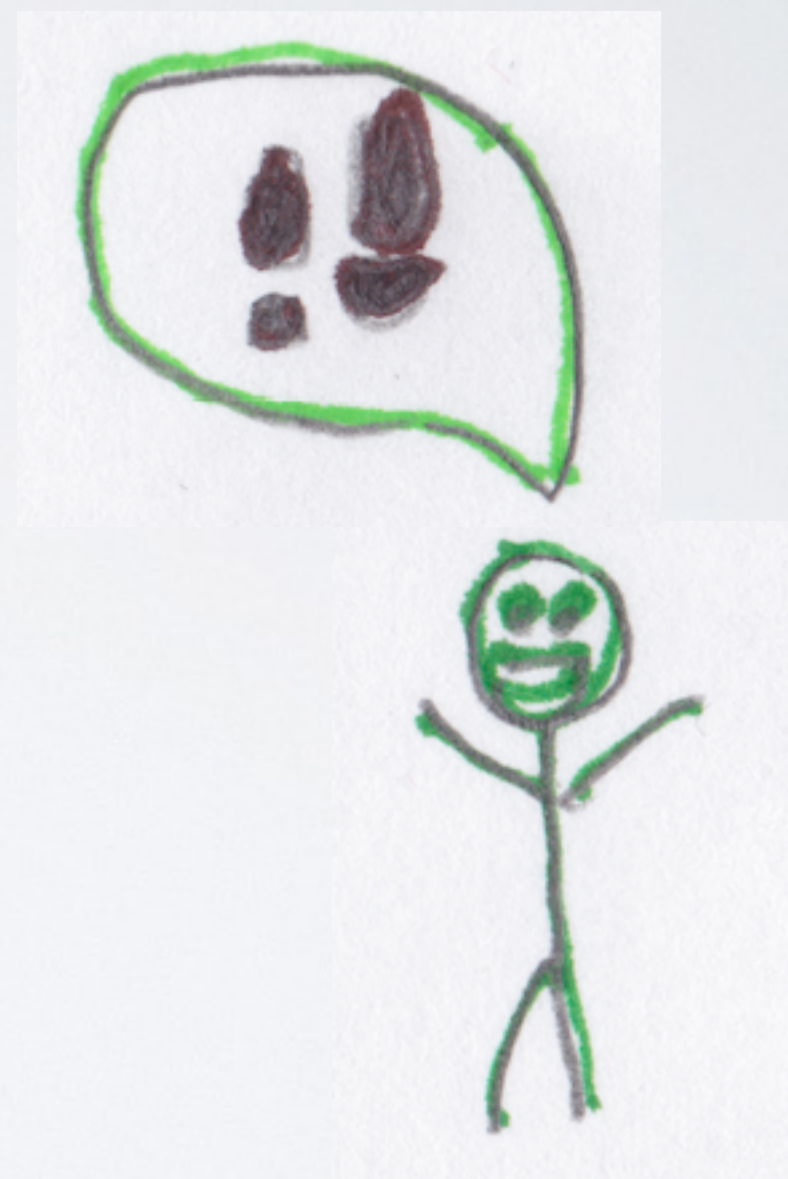

MANY, MANY  
HOURS LATER

\* I CAN'T  
DRAW DOGS.

...I'M JO.

THIS HAS HAPPENED  
DOZENS OF TIMES

I ONCE CLOSED MY LAPTOP  
AND WENT ON THAT WALK

ALL I COULD THINK ABOUT  
WAS THAT BUG

# SUCCESS

Book

Tea

Coffee

Music

Playing with Puppies

# WHAT IS TAKING A BREAK?

Nintendo

Run

Chatting with pals

Walk

Cuddles

CAKE

Board games

WORK ENVIRONMENT FOR A  
BIT

# THINGS I'VE LEARNED

- Getting stuck happens
- I will fix the problem eventually. I always do.
- Taking a break
- If I'm going to be stuck and unproductive, I might as well enjoy that time.

# THINGS I'VE LEARNED

- Getting stuck happens
- I will fix the problem eventually. I always do.
- Taking a break
- **If I'm going to be stuck and unproductive, I might as well enjoy that time.**

MANY THANKS!
